

Poor Weather Cancels Adams, Weeks' Visit

Poor flying weather canceled a conference today between President Eisenhower and Secretary of Commerce Weeks. But tomorrow the chief executive will see Weeks and start work on his 1957 budget.

Fog and rain weathered in the local airport.

As a result Eisenhower will have no official callers today and has put off until tomorrow moving into his new office in the Post Office building.

His growing work schedule probably will take him to meetings of the Cabinet and the National Security Council next week.

As things stand now, Weeks, Budget Director Rowland Hughes and Presidential Assistant Sherman Adams will fly from Washington tomorrow morning. Adams was to have been in on today's talks.

Discuss Federal Budget

With Hughes, Eisenhower will open a discussion of the federal budget for the fiscal year starting July 1. A series of similar conferences will follow until the budget is ready for submission to Congress shortly after it comes back on the job in January.

The spadework on the budget has been going on for months at lower echelons of the government. Tomorrow Secretary of State Dulles is due here for two days of conferences with the President on the foreign ministers conference at Geneva.

Dulles is expected to reach Washington around 4 p.m. EST tomorrow and fly immediately to Gettysburg.

To Make TV Report

Dulles is expected to make a radio-TV report to the nation within a few days, from either Gettysburg or Washington. Eisenhower won't take part in the broadcast, the White House said.

Meantime, the President was reported feeling fine as he continued his convalescence from a heart attack.

Press Secretary James C. Hagerty said there is "a very good possibility" the President will meet at Camp David early next week with Cabinet and security council members.

Camp David is the presidential retreat 20 miles from here in the Catoctin Mountains. The President is expected to drive there, probably remaining overnight.

The meetings would be too large to be accommodated in the President's new green-walled office, loaned to him by Postmaster Lawrence E. Oyler and freshly refitted with furnishings tailored to Eisenhower's needs.

Present indications are that he will use the office for a while mainly to receive official visitors. Meetings with staff members and conduct of other business will be done at his country home.

Eisenhower took a 50-minute after-lunch nap yesterday, then took a few practice strokes on his putting green. Later he conferred with his chief assistant Sherman Adams.

Approximately 100 At Piano Recital

Richard B. Shade, local musician and music supervisor for the North-western School District of York County, presented a piano recital in Christ Chapel, college campus, Tuesday evening which was well received by approximately 100 people in attendance. The recital was a benefit for the charity fund of the Xi Alpha Chi Chapter of Beta Sigma Phi Sorority. A silver offering was received.

The sanctuary was darkened for the recital except for three ceiling lights which illuminated the chancel. The piano was on the rise midway up the chancel steps.

Shade presented the following program: "Come Sweet Death," and "Prelude and Fugue in D Major, No. 5," Bach; "Sonata, Op. 27, No. 2 (Moonlight)," Beethoven; "Romance," Sibelius; "Impromptu, Op. 90, No. 2," Schubert; "Nocturne, Op. 62, No. 2," and "Fantasie-Impromptu, No. 4," Chopin; and "Valse De Concert, Op. 1," Levertzki.

HOME AUXILIARY INITIATES DRIVE FOR MEMBERS

"A whole new outlook on life has been opened to the guests of our Adams County Home and it is a credit to the people in our community who have seen the need and risen to meet it," the Rev. Dr. Howard S. Fox said today as he announced the opening of a membership drive for the Adams County Home Auxiliary. "More than 300 letters will be sent out during the next week to secure new and renewal memberships. If you have not appointed your 1956 representative won't you do it at your next meeting even if you do not receive a letter?" he said in an appeal to organizations.

"In an attempt to give the guests in the home those things that make life worth living, physical, spiritual and mental," the auxiliary sponsors the following programs: the spring blossom tour, annual visiting day, fall tour, Christmas and Easter observance, monthly birthday parties for those having birthdates in each month, handicraft projects, and fellowship.

One Dollar Dues

"Individual and organization memberships are needed and solicited. Dues are one dollar per year for both types of membership and are payable to the Adams County Home Auxiliary. Mail all memberships to Mrs. Russell Spangler, 196 South Stratton, St. Gettysburg." Rev. Dr. Fox said.

The Rev. Herman Stuempfle, pastor of the Christ Lutheran Church, will be installed as president next month.

Meetings of the auxiliary are held the second Thursday of each month at 2 p.m. in the administration building of the Adams County Home.

Mrs. Florence Hamilton, Senior Regent of the Hanover chapter, and Mrs. Mildred Spangler, recorder of the Hanover chapter, told of participating in the institution of the Gettysburg unit 13 years ago. It was the first time, they said, that they had been called upon to carry out the service and "we were very nervous."

Observation Tower Is Closed Monday

The W. Confederate Ave. battlefield observation tower near Longstreet's headquarters, which has probably received more publicity than any similar tower in history, was closed late Monday afternoon.

Dr. J. Walter Coleman, superintendent of the local national park, who had the gate replaced on the tower and locked would not comment. But it was apparent that the steady flow of visitors to the tower had begun to worry security officers guarding the President. The tower provides one of the best views of the Eisenhower farm.

Ike Will Use College Office As TV Studio

By ED CREAGH
The Associated Press

The White House announced today it has requested radio and television time for Secretary of State Dulles to report to the American people on the Geneva conference immediately following his talks with President Eisenhower here tomorrow and Friday.

White House Press Secretary James C. Hagerty said he expected Dulles to deliver his report on the new deadlock between East and West Friday night from Washington.

Eisenhower's doctor, Maj. Gen. Howard M. Snyder, reported the chief executive slept from 9:30 p.m. Tuesday until 7:30 a.m. and awoke "feeling fine."

He chattered for a while with aides on the enclosed porch after breakfast, then set about dictating some thank-you notes dating from his seven-week hospitalization in DeWitt as well as other business and official correspondence.

Other Announcements

Hagerty made these other announcements at a morning news conference:

1. Gettysburg College has loaned the president the unoccupied office of its own president as a studio in which to make some forthcoming recorded radio and film addresses. Robert Montgomery, Eisenhower's radio-TV adviser, okayed the room as suitable. The office has been vacant since Dr. Walter C. Langsam (Continued On Page 2)

FARMERS TOLD POULTRY BRINGS BEST REVENUE

Eighty farmers, attending the Adams County Poultry Federation dinner Tuesday evening at Trinity Evangelical Reformed Church, were told that poultry "brings in a larger portion of farm income in Adams County than any other farm item."

County Agent Frank S. Zettle said that from 20 to 25 per cent of the approximately \$18,000,000 farm income of the county each year comes from poultry and poultry products. "Last year prices were low and the proportion was about 20 per cent. This year with prices a little better poultry should bring in 25 per cent of all farm income."

Adams County ranks fifth in the state in the number of poultry. Its 850,000 chickens placed the county after Lancaster, York, Bucks and Berks Counties in the list of those with the largest number of poultry. The county's 55,000 turkeys place it in a tie with Schuylkill for eighth place as the largest turkey growing county.

Was 26th In 1880

In 1880, Zettle said, Adams County was 26th in the state in numbers of poultry by county with 105,776 listed. In 1890 the county was 18th in the state in number of turkeys with 10,687 counted.

M. LeRoy Zeigler was toastmaster for the dinner. He introduced the officers of the poultry federation, Arthur Musselman, president; Glenn Kime, secretary and A. W. Butterfield, treasurer. Also introduced to speak briefly was Thomas Moncrief, Hanover, a director of the state Poultry Federation and representative of Everybody's Poultry Magazine.

Cyrus Bucher, Biglerville, principal speaker, had as his theme "The Spirit of Thanksgiving." Recalling the hardships of the early Pilgrims he noted, "even though they had far less worldly goods than we have today they still thanked God for his blessings."

WEIKERT ASKS RESIDENTS FOR OVERDUE TAXES

Borough tax collector J. Herbert Weikert today sent notices to approximately 600 residents of the community notifying them that they still owe \$18,263.10 in unpaid taxes and that if the amounts are not paid by December 1, wage attachments will be placed and personal property tax sales will be instituted if need be to secure the taxes.

Approximately 3,900 town payers have already paid in full, Weikert said, with that group paying in \$228,959.57 of the \$247,222.67 in taxes sought by the borough, school board and county.

Weikert said the \$18,263.10 still outstanding "is a relatively small amount, and a goodly portion of that should come in when the second notices are received by the taxpayers who have not as yet paid. The town can be well pleased with the manner in which most of the residents paid up promptly when they received their first notices."

Weikert also urged property holders to check tax receipts. A large number of property holders have paid their school taxes, but have not paid their county or borough taxes, or vice versa. Since the notices went out on separate cards it is believed that some taxpayers thought they were paying the entire amount when they sent checks for one of the notices they received. The two separate notices were necessary because the tax year for the county and borough is different from the tax year for the schools.

Of the \$40,629.98 in taxes levied by the borough, all but \$1,358.88 has been paid so far. The county levied \$28,833.61 in taxes on borough taxpayers and they have paid all but \$1,449.08 of that amount. Of the \$12,357.66 county institution district levy all but \$621.47 has been paid. Only \$72.72 is still outstanding of the \$12,184.34 in personal property tax levied by the county. Of the \$153,217.08 school board levy, \$14,760.95 is still outstanding.

Weikert observed that the wage attachments for unpaid taxes must be made by him. According to law a tax collector must bring suit against any employer who fails to deduct taxes from the wages of his or her employees after an attachment has been issued by the tax collector. The costs of this suit, mileage for serving the attachment plus constable fees are added to the employers costs for failure to deduct taxes from wages paid when attachment is made.

Virgil M. Lescalleet, Hanover R. 4, today instituted an action in trespass in Adams County court against Clarence Miller, York, trading as Beverage Transportation Co. and H. Earl Pitzer, Aspers, trading as Pitzer Trucking Co.

CONVICT BOY OF MANSLAUGHTER; GRIFFIN FREED

David J. O'Keefe, 19, Hanover, was found guilty of involuntary manslaughter this morning by an Adams County jury with a recommendation for "leniency."

Richard G. Cline, 644 Highland Ave., foreman of the jury, handed up the verdict at 11:10 o'clock this morning, 40 minutes after the jury had begun its deliberations.

Testimony was presented Tuesday afternoon. This morning arguments by the attorneys and the court's charge remained before the jury began its deliberations.

While the involuntary manslaughter verdict was reached in 40 minutes, the prior jury, hearing the trial of Glenn W. Griffin, New Oxford, charged with driving while under the influence, took just five minutes less than four hours to find Griffin innocent, although the jury placed the costs on him. That jury began its deliberations at 1:35 o'clock Tuesday afternoon, returned to the court room about 5 o'clock to ask further questions, and then returned with its final verdict at 5:30 o'clock Tuesday afternoon.

Did Not See Cycle

O'Keefe told the jury Tuesday that he did not see the motorcycle into which the car he was operating crashed at 11:45 o'clock on the night of April 29 at Cross Keys until he was "about 20 feet from" the vehicle. Richard C. Smith, 25, Hanover, an occupant of the rear seat of the motorcycle driven by Robert S. Slothour, Hanover, was fatally injured in the crash.

Late this morning trial was started on the charge of removing goods under a landlord's lien against Norman Stauffer Littlestown R. 2. The jury hearing that case included E. R. Altland East Berlin; Mrs. Mary Craybill Gettysburg R. 4; Mrs. Marie Ecker, Gettysburg R. 4; C. Leslie Fair, 120 Steinwehr Ave.; H. B. Fidler, York Springs; Michael Flynn, 11 Baltimore St.; Paul W. Helwig, 503 York St.; Mrs. Louise S. Hull, Gettysburg R. 3; Lester E. Myers, East Berlin R. 2; Margaret Myers, East Berlin R. 2; Paul Spicer, Gettysburg R. 4; and George W. Taughinbaugh, Gettysburg R. 4.

The action in trespass brought by Anna B. Moore against Clarence Yeager and Joseph Markle, scheduled to the current term of court, was continued this morning to January court.

David A. Musselman, Fairfield R. 1, facing a morals charge renewed bail of \$500 to appear in January court.

The Gettysburg Borough Council was asked to consider taking over the administration and sponsorship of the borough recreation program next year because the current Community Chest campaign failed to attain its goal.

At a meeting of the board of directors of the Recreation Association in the council chambers of the engine house Tuesday evening, a resolution was adopted "recommending that the council consider" taking over these responsibilities.

In the discussion preceding the adoption of the resolution it was brought out that sufficient funds may not be available for the association to carry on its activities and that this fact should be brought to the attention of the borough council.

SHAW CHORALE OPEN CONCERT SEASON DEC. 2

The Robert Shaw Chorale, composed of thirty members, will open the three-concert winter program sponsored by the Gettysburg Concert Association on Dec. 2 in Christ Chapel, Gettysburg College.

The Chorale is familiar to thousands via previous concert tours, repeated appearances with such top-flight symphony orchestras at the NBC Symphony under Arturo Toscanini, as well as a long list of RCA Victor recordings. The Shaw Chorale has recorded almost everything from sacred works like Bach's "St. John Passion" and the "Mass in B Minor," to Christmas carols, art songs, operatic recordings, hymns and standard "pops" like the four volumes of "Gems from Sigmund Romberg" and the newly released "With Love From A Chorus," an anthology of popular favorites.

Their engagement here is one of ninety-odd appearances from coast to coast which marks the Robert Shaw Chorale's tenth American tour, during which Shaw and his singers have appeared in every state of the union but two.

Highly Praised
Shaw was born in Red Bluff, Calif., 38 years ago, and educated for the ministry at Pomona College in Claremont. Virgil Thompson of the New York Herald Tribune has described him as "a musician of taste, high temperament and no mean skill," adding, "I do not know his equal in the choral field today."

Shaw has said that every city in the U. S. should have its own performing group of musicians. He is less concerned with the more than 100 American cities which boast their own symphony orchestras than with the smaller towns and cities. He feels "choral singing is especially suitable for the enjoyment of the music-minded because no expensive equipment is necessary; merely a conductor who knows his business, a number of people interested in making music, and a generous amount of time and enthusiasm on both sides."

Anti-Peron Government Is Having Trouble With Union

BUENOS AIRES (AP)—Argentina's anti-Peron government and Peronista labor leaders were still locked in a struggle for supremacy today. Thousands of workers obeyed the Peronistas' general strike call, but other thousands ignored it.

The new provisional government headed by Maj. Gen. Pedro Aramburu, which took over Sunday after ousting Maj. Gen. Eduardo Lonardi from the presidency, arrested 146 persons in the Buenos Aires district alone for inciting people to strike, capital police said.

The Aramburu regime met the strike challenge in a showdown fight with the big General Confederation of Labor (CGT), which was the main support of Juan D. Peron, Argentina's former dictator. The government declared the strike, which started at midnight Monday, "is failing."

But the fact remained that the

walkout hit hardest in some of the more essential industries, such as meat packing, metal working and petroleum.

The question seemed to be who could last the longer — the government faced with steadily dropping stocks of meats and other supplies, or the workers who are losing more pay every day.

The armed forces, which are guarding key points in industrial centers of the country to prevent any outbreaks of violence, were posted last night in the big Retiro railroad station in downtown Buenos Aires. Firemen also were assigned to the station. Unconfirmed reports said the railway workers would join the strike today.

The government outlawed the strike, and warned that those inciting the walkout would be jailed. Those arrested were said to include high officials of CGT. They were held incommunicado.

York Springs

YORK SPRINGS — A large increase in attendance marked the York Springs PTA meeting on Monday night at the high school. The meeting was called to order by the president, Rev. Paul Smith. The pupils of Mrs. Klingner entertained with a group of autumn and Thanksgiving songs, under the direction of and accompanied by their music teacher, Miss Catherine O'Boyle.

Mrs. Nettie Bowers gave \$5 as a prize for the float which the PTA had entered in the recent Halloween parade. The fund which the pupils and teachers of the Miller's School had accrued by various activities was given to the PTA. Miller's School was closed this year.

Mrs. Koons and Mrs. Neely gave money from their school funds to purchase an audiometer, to be used in the schools.

The group decided as a project they will purchase coats and hats for the school patrols, majorette uniforms and a slide projector attachment.

The resignation of Rev. Paul Smith, as president, was read. Charles Middleton, who is the first vice president, will replace Rev. Smith until a president is elected. Mrs. Paul Middour reported on the plans for the auction which will be held Monday night, November 21. Amos Meyers gave an interesting resume of the duties of the supervising principal. He said it was a privilege and a tremendous responsibility. Along with the above title is that of elementary principal, business manager, attendance officer and high school principal. Many of the group expressed their appreciation for the wonderful job Meyers is doing.

The next meeting will be December 12 in the form of a carol sing in the Lutheran Church.

ADVERTISE IN THE TIMES

YORK SPRINGS TO CONDUCT ALERT 2 P.M. SUNDAY

Harry M. Pasick, York Springs civil defense director, today announced that a civil defense mass-care demonstration will be held Sunday afternoon at 2 o'clock in York Springs with the sounding of an alert signal. The demonstration will be known as "Operation Mass-Care."

Four hundred women from county churches have been trained as instructors in mass-care work, trained under the supervision of the Rev. W. R. Sammel, civil defense welfare chief of the county, and Mrs. Nettie Bowers, of York Springs.

The first-aid team of York Springs will participate in the alert by caring for "disaster" victims, and by helping to transport them from the high school to the mass-care center in the fire hall.

Pasick has requested spectators to watch and evacuate to participate in the alert in order to give members of the unit as much experience as possible. Volunteer "victims" will meet at York Springs High School. Refreshments will be served after the demonstration.

The WCTU held its regular monthly meeting recently at the home of Mrs. Edgar Smith. The meeting was called to order by the president, Mrs. Edgar Leer. Mrs. Esther Keefer read the Scripture which was followed by prayer by Mrs. Hazel Miller. The poem "Thanksgiving," by Sarah Josepha Hale, was read by Mrs. Esther Keefer. Minutes of the last meeting were read and approved. Reports were given by committee chairmen.

Plans were discussed for putting a float in the Biglerville parade. The group decided to visit the Hurst Convalescent Home in York Springs, on Christmas and Mrs. Hazel Miller was appointed to make the arrangements. Mrs. Edgar Smith, who had made a Christian flag, the WCTU flag and with the American flag, led the group in saluting the various flags. The group sang "Win Them One By One." Mrs. Ralph Hikes read, "Whose Problem?" There were 19 members present.

A Christmas program is being planned for the next meeting at the home of Mrs. Edgar Smith on December 13. Carl Hikes, son of Mr. and Mrs. Ralph Hikes, is collecting used postage stamps which he sends to a children's TB hospital in Colorado. Stamps may be given to any member who will turn them over to him.

At the last meeting of the Girl Scouts, girls were registered. Patrols have not yet decided on names. Plans were started for the investiture ceremony for the new Scouts. The

Apple Drive Aids Market For
Big Crop: The "Buy An Apple"
campaign inaugurated in New York
and other large eastern cities at-
tempting to solve the unemploy-
ment situation, is aiding consider-
ably in moving the 1955 crop of
apples and indirectly aiding the
market for Adams county apples,
according to John Rice, Biglerville
apple packer.

While most of the apples being
sold by the unemployed in New
York are boxed apples from the
west coast, local packers declare
that the sales are assisting mat-
terially in making the large cities
apple conscious and that it is in-
troducing apples as a confection
in a manner that cannot be im-
proved upon.

Today's Talk

CAPACITY

In the purchase of many engines
the outstanding question usually
asked is: "What is its capacity?"
This word is applied to many other
things purchased for useful pur-
pose, but the most interesting ap-
plication of this word is to human
beings.

We can overlook a great deal in
a person if we know that he, or she,
has the capacity for understanding,
or of demonstrating that capacity
when put to the test. We can't
always put our finger on a person
and imagine that we have discov-
ered this precious thing we call
capacity.

Dire emergencies always bring
out the heroic, or the opposite, in
a person. How familiar is the ex-
pression: "He has the capacity for
great things." But time and opor-
tunity have to work it all out.
It is good to know about this ca-
pacity, both in others and ourselves.
Many is the soldier who had no
idea he could stand so much until
he was tried in the crucible of
war. We always hear of heroism
on the part of people never heard
of before, but who distinguished
themselves in some accident or
tragic happening. None of us knows
his capacity, however, in the way
of strength and quick acting in
emergencies, until some event
brings it out.

We can look upon this capacity,
which we all have, to a lesser or
greater degree, and classify it as
reserve strength. This is something
that can easily be detected in some
people, whether man or women.
People with a capacity for anger,
need to exercise will power, or
padlock their lips! We can well get
along with an under-supply of hot
words.

What this world needs is more
people with a great capacity for
love, kindness, tolerance and good
will. The most successful men are
men of few words. Many of the
greatest couldn't even give a short
speech. Example: Henry Ford,
Founder. But he had great ca-
pacity for creative work.

HEALTH

Now I reckon that health is the
richest possession that ever a
mortal can own.
With health in his kingdom life's
burdens are little and he can
give battle alone.
He can rise to his day,
Let it bring what it may,
With only one thought in his mind,
With never a doubt
That his strength will hold out,
And never a fear left behind.

Give health to a man and the ones
he loves best and he will go fit
to the task.

He'll stand to the brunt and the
heat of the strife and little of
mercy he'll ask.

The odds may be great
But up-standing and straight
He'll meet them and fight to the
end.

And 'neath gray skies or blue
He will see the day through
And take what the fortunes may
send.

But let him have riches in silver and
gold, and let the world bow to
his will.

And barren his days are of pleasure
and charm if he or a loved one
is ill.

Then heavy of heart
He will play his poor part
And his gold will not cause him to
smile.

For of all the world's wealth,
The best treasure is health,
For without it there's nothing worth
while.

MOCK ATTACK
BY JET PLANES
PROVES SUCCESS

PT. POLK, La. (AP)—The United
States learned a sharp and realis-
tic lesson today about the vulner-
ability of its cities to atomic at-
tack by jet bombers.

A comparative handful of swift
bombers, streaking inland at low
altitude, evaded an elaborate
radar warning system and waiting
interceptor planes and aimed simu-
lated nuclear bombs at air bases
located in Southern states from
Florida westward through Louisi-
ana and northward as far as Vir-
ginia.

They were "enemy" aircraft
participating in the giant Exercise
Sagebrush, a "tactical" maneuver
to test application of modern
ground and Air Force weapons and
tactics to battlefield fighting.

When the aggressor planes set
off this mock war with their strike
last night, defending forces had
ample warning that trouble was
coming. Only the time of attack
remained a surprise. Yet initial
reports indicated that a substantial
number of the attacking planes
fumbled radar warning systems and
suddenly appeared over target air-
fields before fighters could raise to
intercept them.

Radar did pick up the images
of some of the fast-flying bombers
and there were some interceptions.
But, for the peace of mind of de-
fense planners of the nation, the
first reports suggested that too
many of the enemy succeeded in their
mission.

Philly Transport
Asks Rate Revision

HARRISBURG (AP)—Rate revisions proposed by the Philadelphia Transportation Co. to increase cash fares two cents and tokens one-half cent were on file with the Public Utility Commission today.

The proposed fares would be 20 cents cash and 18 cents per token or 5 tokens for 90 cents.

The company told the commission yesterday the changes would result in a reduction of \$329,000 a year through elimination of both one and two cent transfer charges.

PTC said the revisions would simplify collections and speed traffic by cutting down standstill time of vehicles. It said that three of every five riders would save money or pay the same fare.

The City of Philadelphia says it will not oppose the changes.

FIRE THREE ON

HARRISBURG (AP)—The dismissal of three employees of the Em-

were implicated in an assault upon
a patient.

The secretary identified the three

On Oct. 30, Shapiro declared, a
nurse on duty in a ward found
three knotted towels and Dr. Heck-
ler found that a male patient, who
was not identified, had been beaten
and bruised about the shoulders
and upper part of the body.

The three attendants were sta-
tioned in the ward of the injured
patient and were implicated by tes-
timony of the patient, Shapiro said.

McCormick Named
Press Aide For GOP

HARRISBURG (AP)—Robert C. Mc-
Cormick, press secretary for Sen.
James H. Duff when he was gov-
ernor, began work yesterday as a
press aide for Republican members
of the Senate.

In announcing the appointment,
Sen. Mahany, Senate GOP leader,
said the Republicans had "finally
landed a top notch man" to help
with public relations.

McCormick recently worked for
the Republican organization in Del-
aware County and for former Sen.
Wood of Luzerne County in the pri-
mary elections last spring.

Man Is Jailed For
Wounding Relatives

POTTSVILLE, Pa. (AP)—Charles
Kievis, 26, of Frackville, was sen-
tenced yesterday to 11 to 22 months
in jail for wounding his sister-in-
law and her daughter.

Shot and wounded were Cecelia
Kiebash and her daughter, Char-
lotte, 14, in a family argument at
their home last April 27.

Kievis then held his mother at
gunpoint as police closed in on him.
He was surprised and disarmed
by one policeman and wounded by
another as he fled.

WAGE TAX BILL DEAD

HARRISBURG (AP)—Sen. Mahany,
Senate Republican floor leader,
says a plan to exempt non-resi-
dents from local wage taxes is
dead for the remainder of the cur-
rent legislative session.

"There seemed to be no senti-
ment for it," he said yesterday in
explaining Senate action in recom-
mitting the measure to the Local
Government Committee.

FATHER FACES
29-YEAR-OLD
MURDER CHARGE

EASTON, Pa. (AP)—A 66-year-old
laborer who has lived here quietly
for more than a quarter of a
century with his wife and four
children was charged Monday night
with the fatal shooting of a man in
Pittsfield, Mass., 29 years ago.

Massachusetts police who placed
the charge against Philip Mancuso
said he had agreed to waive ex-
tradition Tuesday and return to
Pittsfield to face the charge.

Mancuso, known here as Michael
Bertolino, is charged with slaying
Frank Litano, of Pittsfield, in front
of Litano's home on June 20, 1926.
Detective Michael Berry of Pitts-
field and Massachusetts state police
Lt. John F. Horgan said Litano had
pulled a knife on Mancuso follow-
ing a night of drinking.

Mancuso notified his family some
time thereafter of his whereabouts
and his wife and three children
came here. A fourth child was born
in Easton.

Neither Berry nor Horgan would
discuss the circumstances which
led to Mancuso's arrest except to
say it was the result of a "long
investigation."

Mancuso has been employed for
the past 29 years as a laborer at
the Ingersoll-Rand Co. in neighbor-
ing Phillipsburg, N. J. Detective Lt.
Fred May of the Easton police
said Mancuso had an exemplary
record there. Neighbors said he at-
tended church services fairly regu-
larly.

Mancuso's daughter, Josephine,
32, described him as a "wonderful
dad. He's not a murderer."

She said her father had on his
neck a seven-inch scar which she
said he received in the fracas at
Litano's home.

SCRIBE LEARNS HE IS NOT VERY GOOD READER

Editor's Note—The writer, covering the Institute on Reading for The Associated Press, got into the swing of things himself and received a severe shock. Following is his account of what he learned about his own reading ability.

By HERMAN R. ALLEN
PHILADELPHIA (AP)—It turns out I'm not a very good reader. For one kind of reading, that is—probably the most useful kind.

From years of editing press copy, I'm pretty fair at detailed reading, hunting for misspelled words and misplaced commas. And, from years of glancing at publicity handouts to "see if this is anything we want," I'm pretty good at quickly grasping general content.

It's the in-between kind of reading that throws me—rapid reading for detailed content, like studying or reading a serious magazine article, the kind most people do the most of.

To get a better idea of what the Institute on Reading being held here this week is about, I asked Dr. Emmett A. Betts if he'd test my reading ability. Dr. Betts is director of the Betts Reading Clinic at nearby Haverford, Pa., which is sponsoring the institute.

Dr. Betts snatched his corn cob pipe to the other side of his mouth and said he'd be glad to.

"First," he said, "we'll check your vision."

He whipped out a gadget something like a flashlight, held it about 18 inches from my face and moved it toward my nose.

"Tell me when you see two

lights," he said.

I told him.

"Hm," he said in the tone of voice the dentist uses when he is about to tell you all the uppers have to come out.

Visual Handicap

"Now," he said, covering my right eye, "follow the light with your left eye."

He moved the light in a circle about a foot in diameter and I tracked it diligently.

We repeated the performance with the right eye and Dr. Betts hummed again.

"I hate to have to tell you this," he said, "but you have a visual handicap. No defect in your eyes, you understand, but you just don't use them properly. Like walking. Some people use their feet properly. Some don't. Some use their eyes properly. Some don't. You don't."

Dr. Betts explained that I should have seen only one light until it was about two inches from my nose. It doubled up for me at about five. The left eye tracked the light smoothly, but the right moved in jumps and starts.

He's "Right-Eyed"

A further test proved that I am "right-eyed." That is, my right eye controls the motion of both eyes. Unable to control itself properly, it doesn't control the left properly either. That was why the light doubled too soon.

The result of this is that my eyes don't take in whole phrases and lines of print at a time. Sometimes I miss part of a line and have to go back. All this slows me down.

Dr. Betts said recent findings indicate a majority of schoolchildren may suffer from this handicap.

He handed me a reprint of a magazine article marked "Reading Time: 3 Minutes." A really expert reader, he said would read and comprehend it in two minutes; the average businessman should

CLAIMS GENEVA FLOP REVIVED 'COLD WAR'

WASHINGTON (AP)—The failure of the Geneva conference has brought the cold war back, a top-level administration leader said today.

He said that "in the light of this, the administration is re-examining its programs, and is prepared to make any changes that are necessary."

The policy maker, declining to be quoted by name, said that budget-balancing aims would be subordinated to "necessities" of the developing new situation.

He said that cuts in foreign aid spending are "not now contemplated." There may be some shifts, and changes in emphasis, in the foreign aid program, but there won't be much difference between this year's and next year's outlays.

Tense Situation

"The administration's policies are flexible, and they will be shifted as needed," he added.

The administration leader, unqualifiedly termed "a failure" by the Big Four foreign ministers' meeting ending today at Geneva.

He said "the tense situation in the Middle East" is further concrete evidence that "the cold war is back."

What this will mean in terms of the administration's aim to balance the budget this year and keep it balanced is not yet clear, the official indicated.

In September, John B. Hollister, head of the International Cooperation Administration, which administers foreign aid, told reporters after a trip to Europe that the situation had improved so much there that some cutdown in foreign economic aid outlays could begin immediately and be carried over into next year.

Now, it appeared from the administration policy maker's views based on Russia's intransigent attitude at Geneva and developments in the Middle East, any savings on economic aid may have to be spent on increased military assistance abroad.

Consider Bills On Cigarette Tax

HARRISBURG (AP)—Separate bills in committees of both houses Tuesday would allow Pennsylvanians to list as deductions on federal income tax all state levies on cigarettes.

The measures were introduced by Sen. Silvert (D-Phila.) and Rep. Readinger, Democratic House floor leader.

Under the measures, the five-cents-a-pack state tax on cigarettes would be designated a consumers tax instead of an excise tax as is now the law.

By this means, the cigarette smoker could claim this payment as a deduction on his federal income tax.

Silvert said it would mean about 110 million dollars every two years could be claimed as deductions by Pennsylvanians.

The state cigarette tax was boosted from four to five cents recently to handle the cost of repairing flood damage in the state.

OPENING OF MET IN 71ST SEASON IS "COLORFUL"

By CYNTHIA LOWRY
NEW YORK (AP)—The opening of the 71st season of the Metropolitan Opera Monday night was a colorful pageant of beautiful clothes, sparkling gems, rich furs—and exemplary conduct.

The high-style audience—most of them conducting themselves like bona fide music lovers—left the famed red damask Sherry's Restaurant over the Diamond Horse shoe almost deserted except at intermissions.

The opening opera was Offenbach's "The Tales of Hoffman," a not-too-heavy opera which included pretty girls, a pantaloon chorus line, light, love, laughter and dance.

W. G. Rogers, Associated Press arts editor, found it a "modish work for the modish audience."

"It was grand opera but that didn't keep most people from having a grand time," reported Rogers. "It was the Met moving into the entertainment field."

Although all the hi-jinks were confined to the stage side of the footlights, the premiere remained an extravagant fashion show.

Russian Pianist Attends

One interested observer was Russian pianist Emil Gilels, who walked unsuspiciously with his wife into the "carriage trade" lobby as batteries of photographers were blazing away at opera stars Blanche Thebom—in gold lame dress and elaborate headdress—and Jarmila Novotna in rich green velvet and handsome jewels. He looked bewildered.

Fashionwise, it was evident that

State Will Accept Hospital Building

HARRISBURG (AP)—Gov. Leader had before him Tuesday a bill authorizing the Department of property and supplies to accept a building for use at the Norristown State Hospital.

The building was paid for out of profits from the hospital's patients share. The building cost \$85,768 and is called the patients store and library.

County Agent Cites Value Of Preserving Alfalfa As Silage Over Field Curing It As Hay

By FRANK S. ZETTEL
Adams County Farm Agent

Preserving alfalfa as silage, rather than field curing it as hay, makes the better dairy feed, on the basis of research.

Silage, barn drying and dehydration save more nutrients than field-cured hay even under ideal weather conditions. Rainfall during the field-curing period—a frequent occurrence in humid regions—reduced the dry

matter saved to 30 or 40 per cent below that saved with other curing methods. The high cost of dehydration (small, portable dehydrators cost up to \$10,000) makes it impractical for most farmers and dairymen.

Recent research has brought out these main points:

1. Putting up alfalfa as silage offers the most advantages to most farmers. It provides a good way of

handling heavy, weedy, first cuttings that must be harvested during cool, damp weather. It can be stored chopped or long in a variety of structures. Compared with the field-cured crop, alfalfa silage provides a more nutritious feed for dairy cattle, and results in milk of higher quality, containing more carotene and vitamin A.

Valuable Supplement

2. Barn-drying alfalfa hay with forced air (heated forced air in humid areas) is a valuable supplement to silage making. Hay can be barn-dried long, chopped or in bales, in the haymow, stack or pole shed. Installation of a mow dryer big enough to handle 1,000 square feet of storage area costs \$800 to \$3,000, depending upon whether heating equipment is included. Electricity to drive the fan—and fuel oil to heat the air, when heated air is to be used—are additional expenses.

Leaf losses for field-cured hay averaged 1.7 times greater than for barn-dried hay; 2.7 times greater than for silage, and 6.7 times greater than for dehydrated hay.

Dry-matter loss from field-cured hay was 1.5 to 1.8 times as much for barn-dried hay; 1.6 times as much for wilted silage and 2.8 times as much for dehydrated hay.

Alfalfa Grass Pasture
Alfalfa, grown in combination with grasses, has proved to be an ideal pasture legume in experiments at the Pennsylvania State University.

Research, carried on cooperatively by the University and the U. S. Department of Agriculture, points to alfalfa as the key to better pastures in the Northeast.

Used by Eastern farmers in the past almost exclusively as a hay crop, alfalfa has proved to have a number of advantages when grown with grasses for pasture. If properly managed, it withstands pasture traffic well, gives better seasonal distribution of grazing, and provides a good supply of high-quality feed in the mixture. Its deep root system makes it resistant to drought, and it quickly resumes growth after cutting or grazing.

Success with alfalfa, the Pennsylvania experiments show, depends upon allowing time for adequate regrowth after grazing or cutting. But the first cutting or grazing may be made when the plant is in full bud, rather than waiting until the

CHARGE YOUTH WITH MURDER IN PLANE BLASTING

DENVER (AP)—John Gilbert Graham, 23, baby-faced father of two children, will be arraigned on a murder charge tomorrow in the dynamiting of a United Air Lines plane. The blast killed Graham's mother and 43 other passengers. The state moved swiftly to prosecute late yesterday after U. S. Atty. Donald Kelly turned the case over to Denver's Dist. Atty. Bert Keating for filing of murder charges.

A murder complaint against Graham was signed by W. A. Patterson of Chicago, president of the air lines. Keating said he would ask death in the gas chamber.

The complaint specifically charges Graham with murdering his mother Mrs. Daisy E. King, 54, who lived with him in Denver. He insured her life for \$37,500 after escorting her to start the fatal flight Nov. 1.

The bomb, hidden in Mrs. King's luggage, exploded near Longmont, Colo., ripping to pieces the DC6B mainliner shortly after it had taken off from the Denver airport.

Guards placed Graham under extra security precautions in Denver County Jail. He is held without bond. Warden Gordon Dolliver said an unidentified man threatened by telephone a mob would storm the jail to take Graham out.

From outward appearances, guards said, Graham showed no remorse or emotion over his confession.

Dolliver said the prisoner lounged on his bunk or occasionally paced the narrow cell.

The Rocky Mountain News said in a copyrighted article a chance remark about a unique Christmas gift led to the arrest of Graham

customary one-tenth bloom stage, thus allowing an extra grazing during the summer when pasturage is likely to be short.

At the University Park the pasture was allowed to recover after the original cuttings until the alfalfa started to bloom again—in about 4 weeks. Then it was ready for 7 to 10 days good grazing. This system permitted 4 grazings instead of 2 or 3, and a satisfactory stand was kept for 5 years or longer.

Cannibalism in laying fowls can be an expensive as well as a troublesome matter.

The following are some management practices that poultrymen have found effective against cannibals.

1. Feed an adequate ration.
2. Feed less corn and more oats and barley in scratch grain.
3. Provide adequate hopper space. Place hoppers and fountains at a height which will prevent hens from picking others while eating and drinking.
4. Keep birds busy by feeding limited amounts of scratch grain frequently; sneaking condensed milk on boards suspended from ceiling or on sidewalls; feeding alfalfa, clover or soybean hay; feeding mangels or cabbage, or keeping whole oats before birds in troughs on floor.
5. Darken nests. Have nests and nest perches so arranged that hens cannot stand close to nest and pick vents of those laying eggs.
6. Supply plenty of nests and prevent pullets in every way possible from laying eggs on floor.
7. Watch birds carefully. Find and remove birds which appear to be cannibals. Tips of upper beaks can be removed. Use hot iron to sear out and stop bleeding.
8. Use anti-pick devices.

Rains, Drought Cut Crop Production

HARRISBURG (AP)—Rains in October coupled with summer drought and floods reduced production of some important Pennsylvania farm crops, the State Agriculture Department reports.

A federal-state survey disclosed yesterday that corn and potatoes were hardest hit by weather conditions which reduced production not only below last year but also below the 10-year average.

On the brighter side, however, the department said the extended growing season without killing frost permitted ripening of nearly all late plantings of corn and favored the growth of grasses and winter grains.

by the FBI.

The newspaper said neighbors told the FBI Friday, eight days after the Nov. 1 crash, that Graham told them he was heartbroken because he had hidden the gift, a jewelry-making tool, in her luggage rather than presenting it in person. The FBI went into action as soon as it learned Graham had opened his mother's packed suitcases to insert the surprise gift, the News said.

Roy Moore, assistant agent in charge of the FBI's two-state Denver division who spearheaded the investigation, refused to confirm or deny the story.

U.S. REFUSES TO ACT PRESENTLY AGAINST ARABS

By JOHN SCALI
WASHINGTON (AP)—The United States is reported to be unwilling to meet Israel's request for an immediate American guarantee against possible attack from Arab countries.

This country has previously offered to join others in guaranteeing the borders of both Israel and her Arab neighbors if they agree on the boundaries and settle other long-standing disputes. President Eisenhower renewed that offer last night. Neither side has yet accepted.

Top American officials believe that the immediate guarantee Israel is asking, in advance of any Israeli-Arab agreement, is unnecessary even though Egypt is building its armed forces with big quantities of Russian-made tanks, planes, artillery and other weapons.

Guarantee Security
Israel's security from sudden aggression, in their view, is already taken care of through an American-British-French declaration on the Middle East issued in May 1950. This pledges the three gov-

ernments to "immediately take action, both within and outside the United Nations," against anyone who seeks to violate frontiers or armistice lines in the area.

At most, the Eisenhower administration might join Britain and France in solemnly reaffirming this declaration in the event a Mideast war seems imminent. But, unless conditions change radically, no American-Israeli security treaty is being contemplated according to these informants.

This view, however, is to be examined anew when Secretary of State Dulles returns from Geneva this week to launch a sweeping review of the government's Middle Eastern policy.

QUEEN PLANS FETE

LOUISVILLE, Ky. (AP)—The University of Louisville homecoming queen is arranging her own coronation. Miss Doris Goodnight, 19, named queen Monday, happens to be chairman in charge of arrangements for halftime ceremonies at Saturday's game with Toledo University. "I had no idea I was ordering flowers for myself," she said.

BRIDEGROOM DIES

CLEVELAND (AP)—Toolmaker Victor Doubek, 50, and Mrs. Ruth Zajtowski, a 43-year-old widow, got a marriage license yesterday at Lakeside Court House. Shortly after they drove away in Doubek's car, it slowed and came to a stop against a utility pole. Doubek had died of a heart attack.

FINNEGAN MAY MANAGE DRIVE FOR STEVENSON

By ACK BELL
CHICAGO (U-P)—Adlai E. Stevenson was away and running today in a nine-month race for the 1956 Democratic presidential nomination.

In one of the earliest starts in modern political annals, the 55-year-old former governor of Illinois jumped the gun on potential rivals with an official announcement yesterday that he is again a candidate for the nomination he won in 1952.

At a news conference today, he was expected to name James Finnegan, secretary of state for Pennsylvania, as his campaign manager, and Hy Raskin, former deputy Democratic national chairman, as executive director of his campaign organization.

To Head Volunteers
He also has arranged for Barry Bingham, editor of the Louisville (Ky.) Courier-Journal and Times and president of the Courier-Journal and Times Publishing Co., to head a volunteers-for-Stevenson organization.

Stevenson apparently is going into a few primaries, including those in Minnesota, California, Pennsylvania and Florida. In some of these he is likely to face a stiff challenge from Sen. Estes Kefauver of Tennessee.

Kefauver indicated last night he is inching closer to the nomination race. He said in Miami, Fla.:

"There is a very good chance that I will seek the Democratic nomination for president, and if I do I'll make a fight for it."

Decision In December
His comment came on a Miami television question and answer program a few hours after Stevenson's announcement.

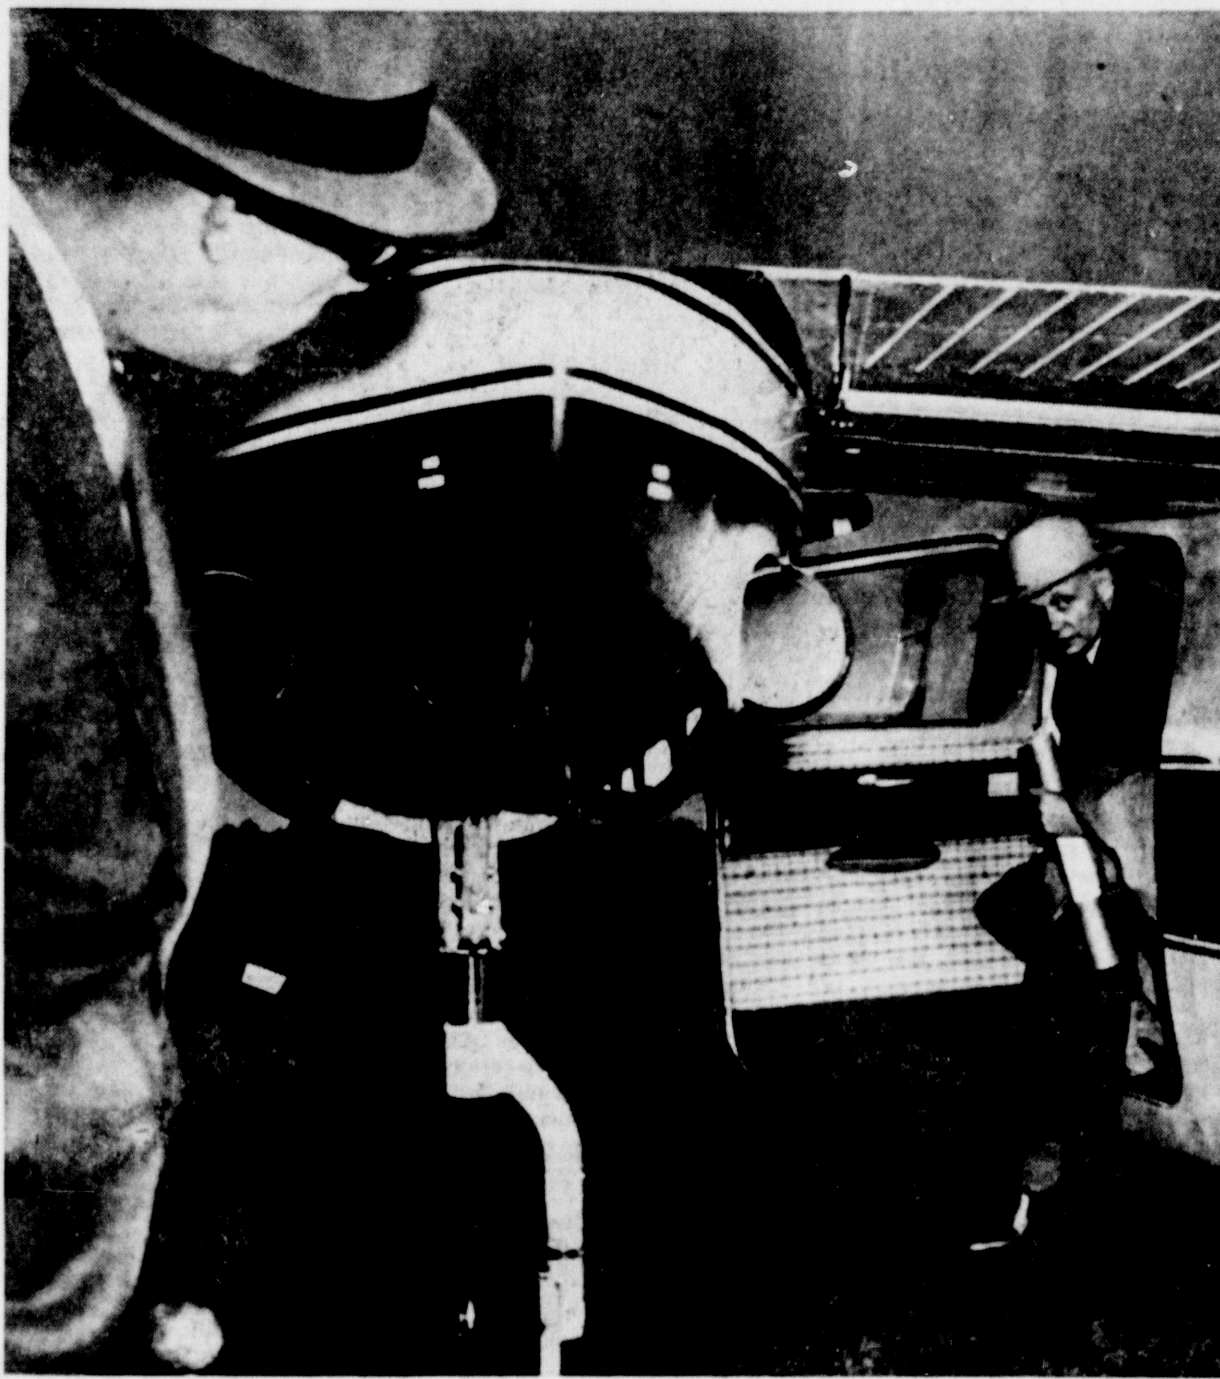

"I won't announce a definite decision until the middle of December," he said. "I want to consider whether the party wants me, and I've got some hearings and some Senate work to clear up first."

He said Stevenson is "a good man and will be a formidable candidate."

Gov. Averell Harriman of New York, who said he isn't going to work for the nomination himself, said Stevenson had proved himself "a fine standard bearer in 1952" and "if nominated I am sure he will be again."

"Favorite Sons"
Harriman is expected to become a "favorite son" candidate. Gov. Robert B. Meyner of New Jersey indicated he also may try to fill such a role.

Senate Majority Leader Lyndon Johnson of Texas stood by an earlier statement that he would support Stevenson if he is nominated. Among members gathering for the Democratic National Committee's meeting here tomorrow, there seemed to be a strong feeling that Stevenson now holds a substantial lead over his potential rivals.

It's a good idea to use a rack when you are preparing a pot roast, this way the meat won't stick to the bottom of the pot.

DULLES MAPS FAR EAST TRIP

WASHINGTON (U-P)—Secretary of State Dulles, returning from Geneva tomorrow, is expected to start arranging promptly a trip to the Far East.

Its primary purpose, it was learned today, would be to attend a third meeting of the Southeast Asia Treaty Organization Ministerial Council. The date would

come sometime during January, February or March.

Dulles might also visit Japan, South Korea, South Viet Nam or the Nationalist China headquarters on Formosa. He is reported to have told a Vietnamese diplomat at Geneva this week he expected to visit his country very soon.

Cross To Two Sessions
Dulles already has been to two sessions of the SEATO council, which is the top consultative group of the eight-nation pact: at Manila, Philippines, when it organized in September 1954, and at Bangkok, Thailand, last February.

HARRIMAN SAYS HE WON'T WORK FOR NOMINATION

ALBANY, N. Y. (U-P)—Gov. Averell Harriman said Tuesday that anyone wanting the Democratic presidential nomination would have to work for it. And he added: "I'm not going to work for it."

In a radio network broadcast—ABC, Harriman also touched on the current Geneva conference and said he considered it "foolish" of Secretary of State Dulles to have been as optimistic as the governor said Dulles had been recently concerning relations with Russia.

As for the Democratic presidential choice, Harriman said in answer to questions by news commentator Martin Agronsky:

"No one is going to be offered this nomination."

Although he did not say so on the broadcast, Harriman is known beyond doubt to be willing to take the nomination.

Tuesday was the governor's 64th birthday.

Of the Geneva conference, Harriman said that Foreign Minister V. M. Molotov "by his rudeness, has shown that the Kremlin has

State May Appoint County Historians

HARRISBURG (U-P)—County historians would be appointed for all counties not having historical societies under a bill in Senate committee Tuesday.

Introduced by Sen. Stiefel (D-Phila.), the proposal would authorize the State Historical and Museum Commission to name the historians to work toward setting up county historical societies.

Other commission bills introduced in the Senate by Stiefel would:

Appropriate \$25,000 for the publication of a historical atlas of early Pennsylvania, the work to be done by the commission.

Appropriate \$20,000 for a commission publication of its report on the frontier forts of Pennsylvania.

Authorize the commission to work with the National Park Service in historical projects.

The same ruthless objectives it always has had.

"I don't know if Mr. Dulles was just naive," Harriman said. However, the governor expressed belief it was possible for the East and West to live together "without war."

Harriman is a former ambassador to Russia.

VIEWS INDICATE MEDICS, TEND TO FORGET PATIENT

By ALTON L. BLAKESLEE
AP Science Reporter

KANSAS CITY (AP) — The public's main gripe against doctors and hospitals is that they don't seem to be human enough, says a new study of people's feelings.

Only a fifth of the people interviewed thought physicians charged too much. Most did think hospitals cost too much.

Their main criticism was a feeling that doctors and hospitals gave an impression of not caring deeply about the human patient, said Dr. Earl Lomon Koos, professor of social welfare, Florida State University, Tallahassee.

Better Human Relations
He said the remedy seems to be better human relations.

The survey covered 1,000 persons interviewed in a northeastern U. S. industrial city of 350,000, anonymously called "Metropolis."

Only 19 per cent thought doctors' fees were too high. Dr. Koos said in a talk prepared for the American Public Health Assn.'s 83rd annual meeting.

Make Calls Unwillingly
But half criticized doctors for "being unwilling to make house calls" or insisting that patients, unless severely ill, come to their offices or to the hospital. About as many objected to long waits in doctors' offices.

And 64 per cent indicated that modern doctors, concentrating on techniques to find and combat illness, "lacked the human warmth of the old-time general practitioner (who possibly knew less about medicine but more about his patients)," Dr. Koos said.

He quoted one woman as saying, "If we could feel that we mean something to Dr. Blank, I'd be happy with him. But I'm sure he has to look at baby's history, or have his nurse tell him who we are, so he'll know what to call me. . . It's like running through an assembly line to go to his office. . . I'm sure, though, that he knows his medicine."

Eighty-two per cent thought hospital costs too high, and 71 per cent thought hospital care unsatisfactory, Dr. Koos continued.

He said the hospital, as well as the doctor, "is caught in the coils of an advancing medical technology, as well as faced with press-

Two From State Get Prison Terms

FREMONT, Ohio (AP) — Two Pennsylvania men have been sentenced to terms of 10 to 20 years in the Ohio penitentiary for the armed robbery of the Hotel Fremont last Sept. 11.

Sentenced by Common Pleas Judge A. V. Baumann were Charles Lloyd Bond of Philadelphia and Edward Michael Matusick of Farrell. After fleeing the hotel with \$1,068, the men were caught on a bus at Medina, Ohio. Both pleaded guilty.

BANKS NAMED SOPH OF YEAR

NEW YORK (AP) — Ernie Banks, who hit more home runs in one season than any other shortstop in the history of baseball, was named the National League's sophomore of the year today in a virtually unanimous vote by members of the Baseball Writers' Assn. of America.

The lean, wiry infielder of the Chicago Cubs received all but three of the votes of the 99 writers who participated in the annual Associated Press poll. Henry Aaron, Milwaukee's young outfield star, attracted two votes and Sam Jones, fireball pitcher of the Cubs, got one. Banks thus joins Al Kaline, the spectacular outfielder of the Detroit Tigers, who won the sophomore honors yesterday in the American League.

Banks clouted 44 home runs and his five grand slam homers surpassed the greatest feats of all sluggers, past and present.

Although he averaged only 295, Banks amassed 355 total bases, scored 98 runs and drove in 117. Ernie was just as impressive on defense. He led all National League shortstops in fielding.

ing problems of labor and economics."

"But it is also necessary to state our belief that many of the ills current in hospital-patient-family relations are present simply because, as the respondents imply, the patient has been somewhat forgotten in the course of hospital progress."

Unemployment In State Decreasing

HARRISBURG (AP) — State employment records show a drop in unemployment of 105,000 persons over the last 12 months which the commonwealth says will be reflected in new federal ratings of some of Pennsylvania's 22 economically distressed areas.

In saying Monday that the employment upward trend was encouraging, Secretary of Labor and Industry John H. Torquato and Secretary of Commerce William R. Davlin cautioned that total unemployment in the state at mid-October was still above the 200,000 mark.

They didn't spell out the areas where the federal government will up its substantial labor surplus ratings.

FBI NABS MAN IN STOLEN CAR; ADMITS MURDER

SAN FRANCISCO (AP) — Arthur Ross Brown, arrested here for crimes reaching from the corn belt to the Pacific, was held under \$100,000 bail Tuesday after the FBI said he confessed the kidnapping-murder of wealthy Mrs. Wilma Allen of Kansas City Aug. 4.

Technically, Brown is held on a charge of transporting a stolen automobile across state lines. He was arrested yesterday while sleeping in an automobile stolen in Omaha. He had two loaded weapons in the seat beside him.

The FBI had been hunting him since Aug. 31 for the shooting of Sheriff William H. Marshall at Sheridan, Wyo. The sheriff was questioning Brown about a burglary there.

Burly Confession

The FBI said that Brown while being questioned about that shooting yesterday, suddenly burst out: "Where I'm really wanted is in Kansas City," and then described the kidnapping and slaying of Mrs. Allen, 34, wife of William R. Allen Jr., a wealthy Kansas City automobile dealer.

Mrs. Allen was kidnapped while shopping in south Kansas City. Her nude body with the hands tied behind the back was found three days later in a cow pasture south of Kansas City.

SAYS IKE WILL DECLINE JOB OF PART-TIME CHIEF

By JACK BELL

WASHINGTON (AP) — Sen. Jackson (D-Wash.) predicted Tuesday that President Eisenhower won't run next year as a "part-time president" or be elected if he does.

Sen. Flanders (R-Vt.) said in a separate interview, however, he is "prayerfully hopeful" that Eisenhower will recover sufficiently from his heart attack to seek a second term.

A number of Republicans have said they think the burdens of the presidency can be cut down enough so that Eisenhower, despite his heart attack, could fill the office for a second term.

If Ike Runs

If the President does run, Flanders said he thinks the public will be satisfied that Eisenhower feels "he can do all the things that a president needs to do."

"I think the voters will feel that he will be justified in giving more attention to major problems and less to ordinary, routine burdens of the presidency," he said.

Jackson said he thinks Eisenhower is "too conscientious to offer his services on a part-time basis when he knows that the responsibilities of the office are such that full-time service is required."

Jackson said he looks for a "substantial contest" for the Democratic presidential nomination at next year's party convention. He indicated he believes the nominee will be Adlai E. Stevenson, Gov. Averell Harriman of New York or Sen. Estes Kefauver (D-Tenn.).

Could Defeat Ike

"Any one of those three men could be elected," he said. "I think any of them could defeat President Eisenhower if he should run because I don't think the people want a part-time president."

Sen. McCarthy (R-Wis.), like Jackson, said he doesn't think Eisenhower will run.

McCarthy said on a radio program last night he would "feel like leaving the country" if Eisenhower's brother Milton were the Republican nominee and the Democrats picked Stevenson.

TIGHTER STATE LAWS ASKED FOR SCHOOL HEALTH

HARRISBURG (AP) — The Senate had before it Tuesday a proposal to "tighten up" on laws governing the administration of the Pennsylvania school health program.

Sen. Pechan (R-Armstrong) introduced the measure Monday as a "replacement" for one that has been in Senate committee since last April.

"This measure would tighten up all around on the law as it is proposed for amendment in the other bill," Pechan said.

Shift In Departments

The bill provides for payment of school health nurses by the Department of Public Instruction instead of the Health Department as is now the case.

Pechan said his measure would raise the eligibility standards for all persons handling the program. It also would increase the number of medical and dental examinations now given to school children during their 12-year educational period.

Other Senate Bills

Other Senate bills would: Require that all employees of eating and drinking establishments obtain health certificates—Flack (R-Luzerne). Subject housing authorities and housing projects to taxes for school financing—Wagner (R-Schuylkill) and Flack.

Require owners and lessees of land on which there are abandoned excavations to fill in or fence off the holes—Yosko (D-Northampton).

Set up a constitutional convention for January 1957 to study the state's basic law and recommend changes through the ballot—Seyler (D-York).

Poles Report Trade Pact With Yugoslavs

VIENNA, Austria (AP)—Poland announced Tuesday a trade agreement with Yugoslavia which appeared part of a new Russian play to induce Marshal Tito back into the Soviet economic sphere.

Radio Warsaw said Poland and Yugoslavia had signed a protocol in Warsaw that, during 1956, will increase trade between the two countries 100 per cent over 1955.

Under the agreement, Poland is offering Marshal Tito credits at 2 per cent yearly interest to buy installations for food factories, mines and railway car plants.

Western diplomatic observers in Vienna saw in the agreement a similarity with Czechoslovakia's arms deal with Egypt and Russia's offer to provide India with industrial plants.

Senate Seeks To Lower Truck Loads

HARRISBURG (AP)—A bill in Senate committee Tuesday would limit the legal gross weight for trucks in Pennsylvania to the maximum set by the manufacturer of the vehicle.

Introduced Monday by Senator Fleming (R-Allegheny), the measure would carry penalties on a graduated scale similar to those set up under a truck weight law signed recently.

Fleming blamed many of the recent runaway truck accidents on loading the trucks beyond the manufacturers gross limit.

The trucks, Fleming said, are carrying beyond the weight recommended by the vehicle manufacturer but still are operating within the present law.

said Brown told agents he had not raped Mrs. Allen; that robbery was his motive. The coroner's report said tests were inconclusive as to the possibility of rape.

A Mental Case

An FBI agent reported Brown admitted (1) forcing his way into Mrs. Allen's convertible at the point of a revolver; (2) forcing her to drive out of town; (3) shooting her twice through the head; (4) stripping her of her jewelry and taking her purse and (5) tossing the body out in the field.

Brown, 30, a native of San Francisco, "has been a mental case since he was 14," said his mother Mrs. Mary Brown.

LABOR THREAT IS SHAKING UP ARGENTINA RULE

BUENOS AIRES (AP)—The defiant General Confederation of Labor (CGT) and Argentina's new government locked horns Tuesday over a general strike call that could either smash Peronista labor bosses or shake the government.

Early indications were that the strike had failed to reach its goal of paralyzing the nation.

Maj. Gen. Pedro Aramburu—who only 48 hours earlier had ousted Maj. Gen. Eduardo Lonardi as provisional president—met the strike challenge head on.

The government declared the strike illegal and warned that anybody who incited it or tried to "restrict the freedom to work will be arrested and prosecuted."

Andres Farinelli and Luis Natalini, CGT's two secretaries general, were reported already arrested.

Services Continued

At the U.S.-owned Wilson Co's meat plant, all employees left their jobs, including the nightwatchmen. Only security police and firemen were there.

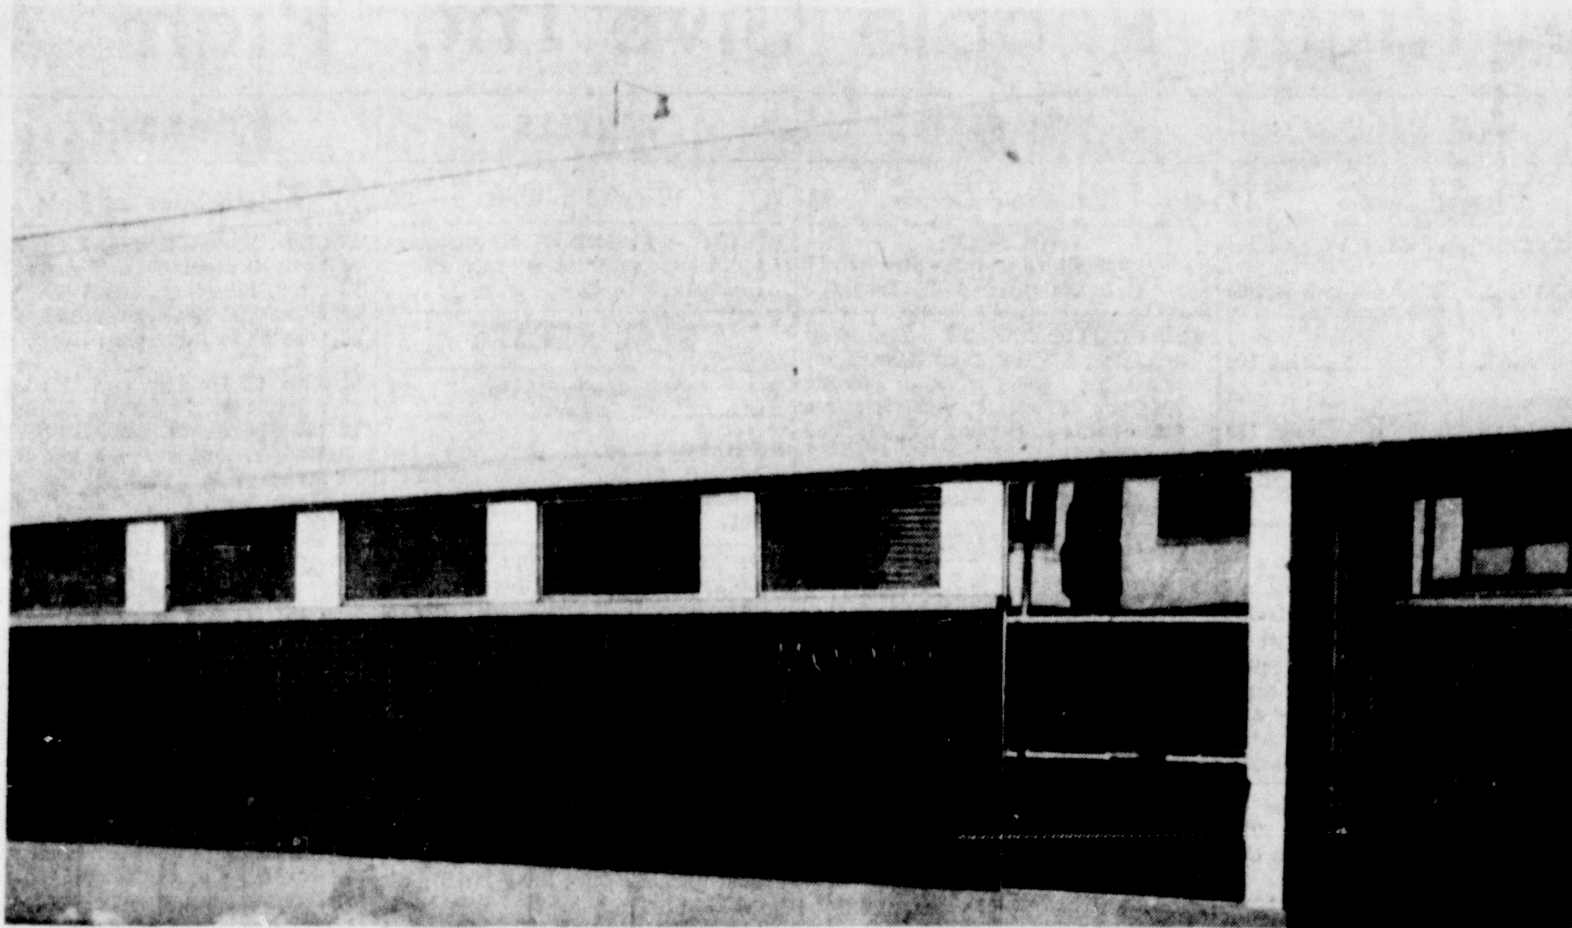

Essential services such as transportation and power continued unaffected. Major newspapers went to press as usual.

Spokesmen for the anti-Peronista "Free Workers" made repeated speeches exhorting workers to ignore the strike call. These leaders claimed that pro-Peron labor officials were not representative of labor's true interests and had called the strike to keep in power.

The overthrow of the Juan Peron dictatorship Sept. 19 resulted in many anti-Peronista leaders seizing control of unions. The CGT leadership has been demanding that the government displace the "usurpers."

MRS. SILVER TO BE HEARD SOON

PHILADELPHIA (AP)—Mrs. Gertrude Silver, who is charged with being an accessory in the abortion death of her daughter, Mrs. Doris Jean Silver Oestreicher, will be given a hearing next Monday or Tuesday, Dist. Atty. Samuel Dash said Tuesday.

Dash said Mrs. Silver's attorney, Thomas D. McBride, had assured him that his client was ready for a hearing at any time. Mrs. Silver, wife of Herman R. Silver, a food chain executive, was held in \$1,500

Commercial Employees, the Workers Federation in Naval Construction, and the Syndicate of Free Chauffeurs and Taxi Drivers here joined other unions in denouncing the strike.

The CGT told all workers to stay home and not indulge in "shouts and other verbal expressions."

Officers of the Moose Lodge: Seated (left to right), Irvin Selhamer, prelate; Dewey E. Wolff, secretary; Merle L. Hankey, governor; Jacob A. Small, junior governor; C. Lester Oyler, treasurer; Nevin Bush, past governor; Standing, Francis Yingling, sergeant-at-arms; Ira L. Williams Jr., outer guard; Harry Baker, inner guard; Charles F. Harner, trustee; Daniel P. Miller, trustee; Robert Neary, trustee.

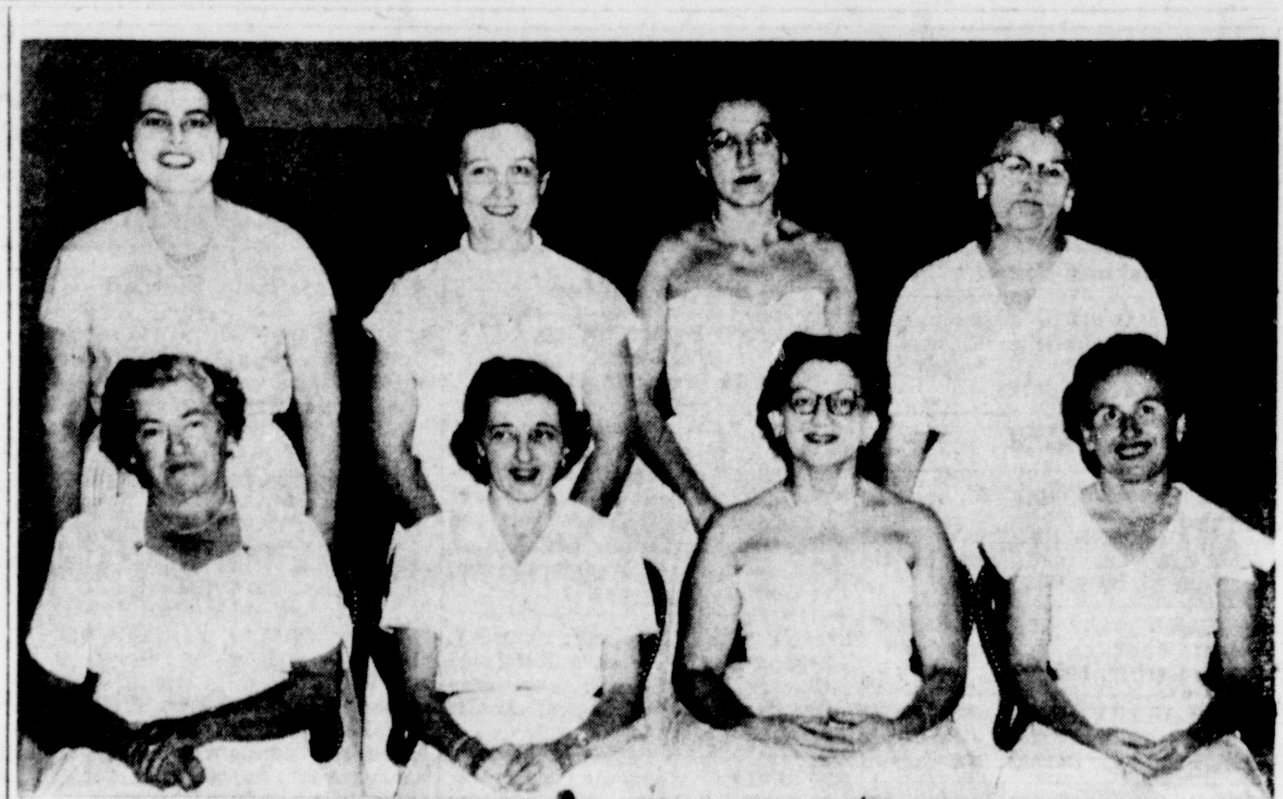

last Sept. 12.

Her hearing was continued when court doctors testified she was too ill to take the stand. Two days later she was sent to Psychiatric Hospital for treatment. She was discharged last Friday when the

hospital said her treatment for "disassociation amnesia" was complete.

Mrs. Oestreicher, wife of a Miami Beach motorcycle policeman, died Aug. 24 in the apartment of Milton and Rosalie Schwartz. The

Schwartzes were arrested and charged with performing an attempted abortion. They were held in \$5,000 bail for the grand jury and later indicted. Dash said he hopes to bring the couple to trial early in December.

Officers of Women of the Moose include, front row, seated, left to right: Erma Martin, chaplain; Faye Neary, junior graduate regent; Mary S. Cole, senior regent; Evelyn Rose, junior regent; back row, Rosetta J. Johnson, recorder; Dorothy Foulk, argus; Nina Fisel, treasurer; Annie Strasbaugh, sentinel.

COURT APPROVES QUIZ OF BELIEFS

WASHINGTON (AP)—A federal judge Tuesday upheld the right of Congress to inquire into the political beliefs of authors whose books appear in U. S. libraries overseas.

U. S. Dist. Judge Joseph C. McGarraghy made the ruling in denying a motion by author Harvey O'Connor for acquittal on a contempt of Congress indictment.

While denying O'Connor's motion, the judge did not rule specifically on the writer's guilt or innocence. This ruling will come later.

O'Connor, 58, of Winnetka, Ill., and Little Compton, R. I., appeared before the Senate Investigations subcommittee, then headed by Sen. McCarthy (R-Wis.), in July, 1953.

O'Connor, in refusing to say whether he was a Communist when the books were placed in the overseas libraries, contended his writings and political opinions were no legitimate concern of the subcommittee.
